Guidelines for School Capital Projects

Projects to be funded should meet one or more of the following criteria:

Correct Safety and Health Concerns

• Addresses public safety, health and welfare concern(s).

Comply with Legal Requirements

• Required by federal, state or local laws, mandates and/or regulations (ADA/OCR, building capacity, class size, building code requirements, etc.).

Maintain Lowest Life-Cycle Cost

- Required for the preservation and protection of existing assets.
- Replaces assets that are obsolete or are at/near the end of their useful life cycle.
- Provides cost avoidance/savings, operating and/or capital.
- Remediates an existing or projected deficiency.

Improve the Educational Environment

- Meets the highest educational/programmatic needs identified by the school system.
- Remediates an existing or projected deficiency.
